

test_model_remove_flow

```
graph LR; A[test_model_remove_flow] --> B[Model::add]; A --> C[Model::remove];
```

The diagram illustrates a flow from a central node to two target nodes. The central node, labeled 'test_model_remove_flow', is a gray rectangle. Two blue arrows originate from its right side, pointing to two white rectangular nodes on the right. The top node is labeled 'Model::add' and the bottom node is labeled 'Model::remove'. A faint, light blue rectangular box is visible in the background at the top of the image.

Model::add

Model::remove
